Ethics and ethical issues for court interpreters

Join Joe Tein, MA, Certified Court Interpreter for a rousing discussion of current ethical issues with which we contend. The emphasis in this class will be on the professional boundaries that our code of ethics imposes on us. What are the limits of what we can do and say with defendants, attorneys and judges? When is it OK or necessary to go beyond these boundaries? We will discuss actual and hypothetical cases, and you are encouraged to share your own cases and experiences. Please submit your special questions and issues at jayejs@langex.com or JTein@centurytel.net.

This workshop is for interpreters of all languages. This class has been submitted to the Administrator of the Office of the Courts for 2 Continuing Education credits. Fee: \$35 in advance (contact resources@langex.com or Tiffany at 360-755-9910 ext. 402), \$40 at the door.

Please arrive on time and remain until the end to receive a certificate of attendance.
